**Q-2 : Format filter pane such that only selected filters are highlighted in a different color.**

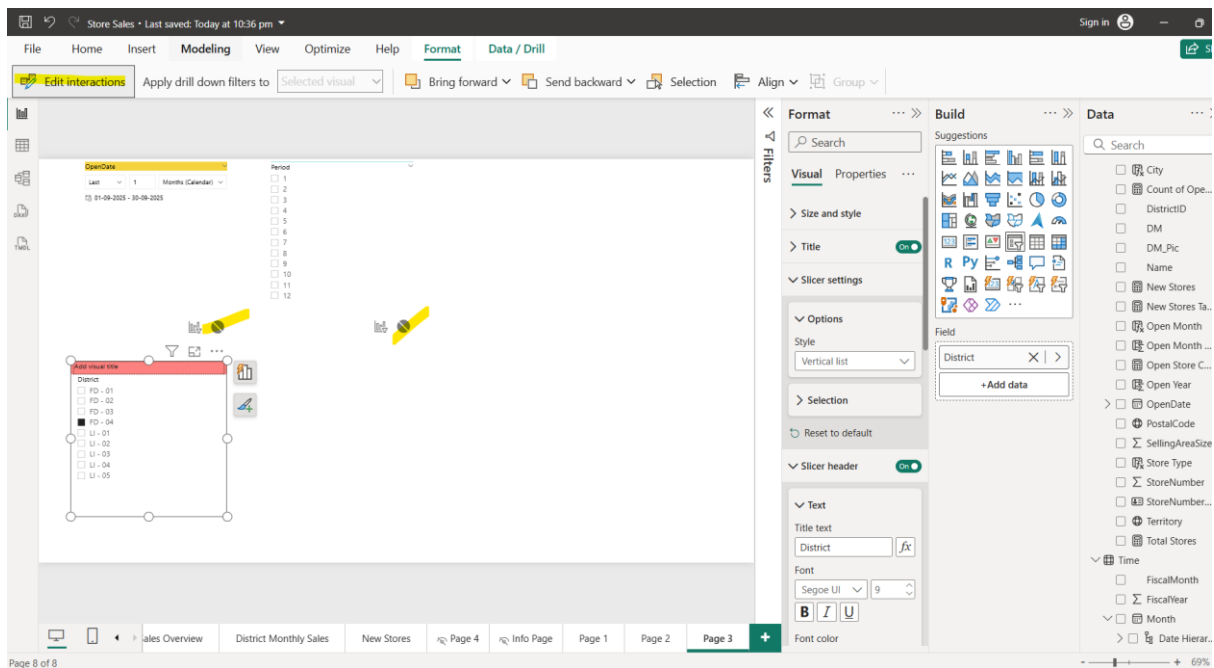

**Q-3 Create relative slicer for date and numeric range slicer for sales amount. Format slicer title, background and style.**

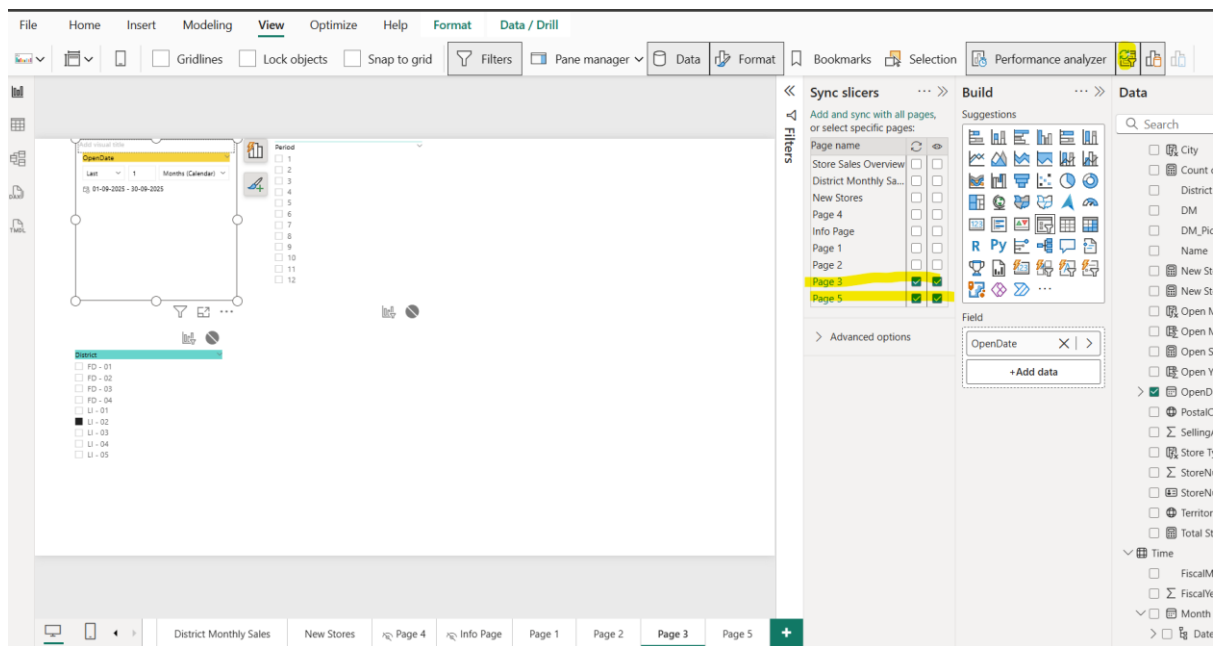

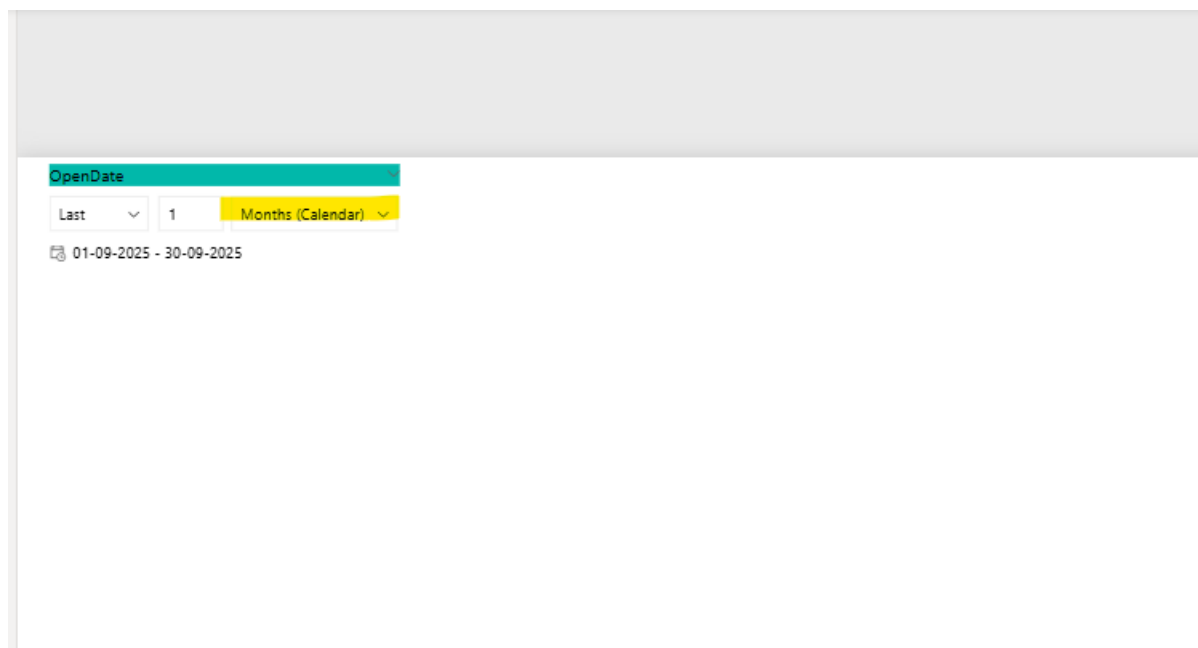

**Q-4 : Disable slicer interaction on few charts.**

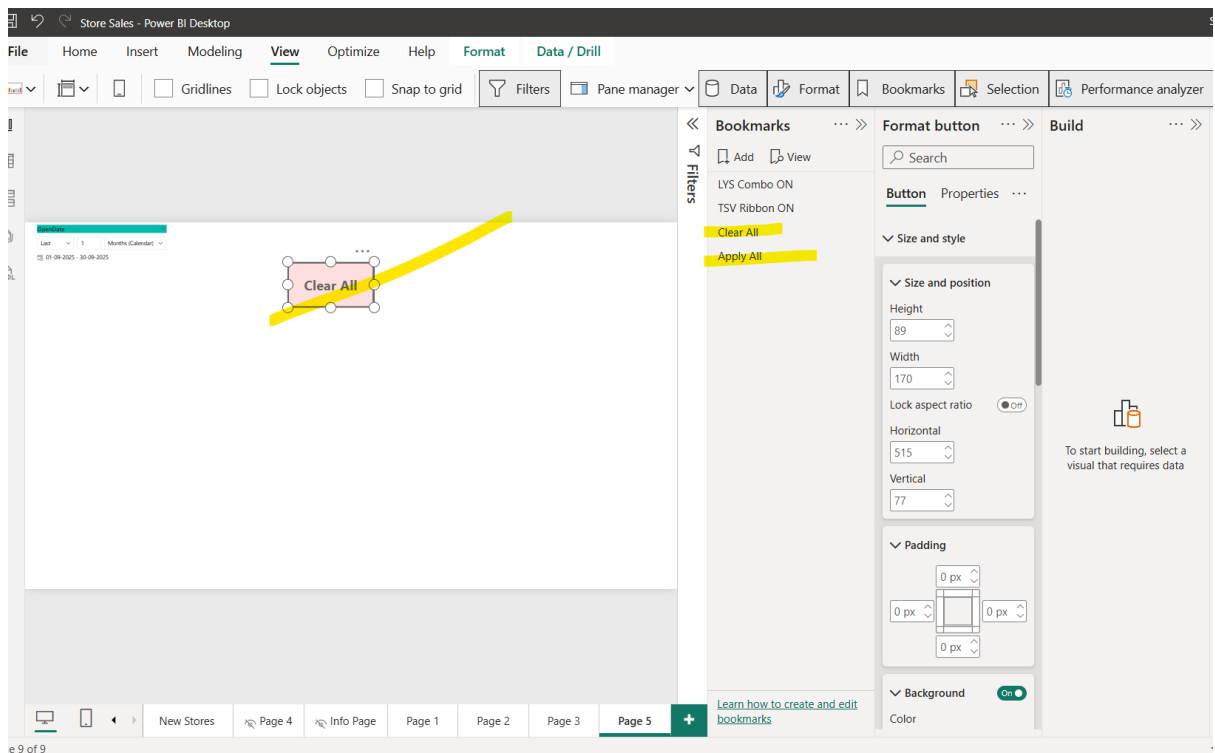

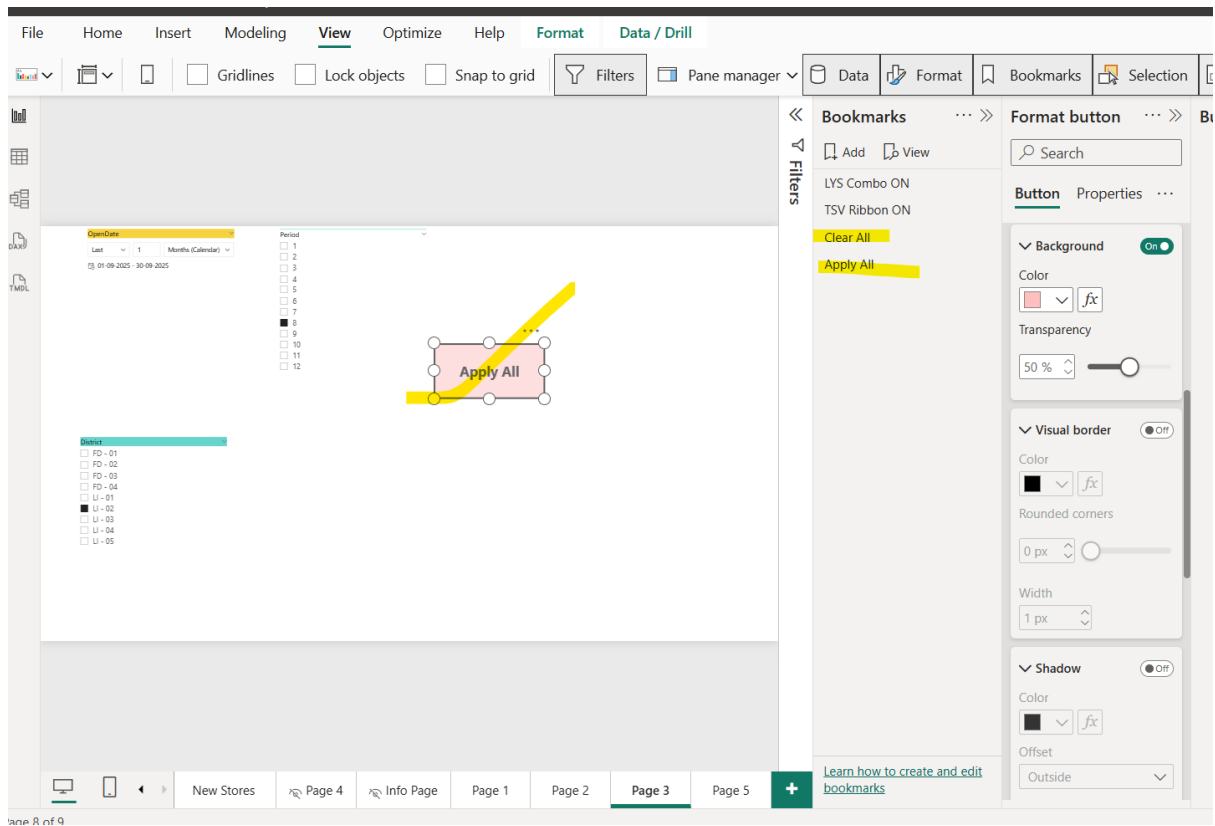

**Q-5 Make the slicer visible on multiple report pages and synchronize them.**

Same filter as page 3 , on page 5 :

**Q-6 : Create Apply All and Clear All slicer buttons.**

**Q-7 Create field parameters (Sales Amount, Units Sold and Gross Profit) and use these as slicers.**

## Parameters

Add parameters to visuals and DAX expressions so people can use slicers to adjust the inputs and see different outcomes. [Learn more](#)

What will your variable adjust?
